About the Company

- Expertise: Manufacturing **High-Speed Circular Saw Machines**, Heavy-Duty Bandsaw Machines, and Custom SPMs.
- Established: **2010**, headquartered in Pune.
- Impact: Over **850+ machines installed** across India, serving industries such as steel, forging, and automotive.

Product Portfolio

Fully Automatic NC Circular Saw Machine

Available in models: 60, 80, 100, 125, 150, 200, 250. These machines are also available in semi-automatic variant.

Product Portfolio

**Imported Bandsaw
machine**

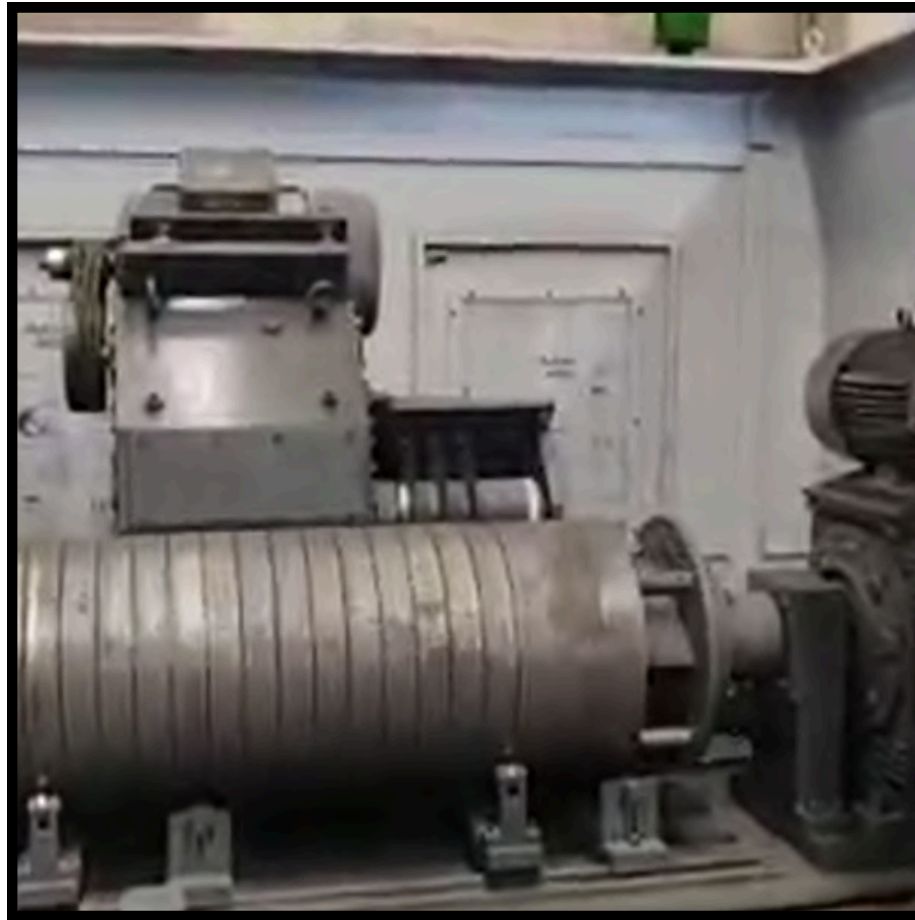

**Vertical Bandsaw
machine**

**Semi-Automatic
Bandsaw machine**

Product Portfolio

**Orbital Ring Cutting
SPM (300mm)**

**Vertical Circular
Saw SPM**

**Zig Zag Tube Cutting
SPM**

Our Special Purpose Machines (SPMs) are custom-engineered for unique industrial needs, ensuring efficiency and precision. These are just a few examples of the many successful projects we've completed across various sectors.

Achievements

Installed India's first and largest Circular Saw Machine, capable of cutting diameter upto 275 mm.

Proudly installed over 850+ high-performance machines.

Installed Orbital Cutting Machine, capable of precision sawing with an OD up to 300 mm.

We've pioneered custom Special Purpose Machines (SPMs) in India, delivering unique solutions that drive industry advancements.

Vision

- Vision: Be the top partner for precision, reliability, and innovation in cutting technology.
- Goal: Deliver high-performance cutting solutions for operational excellence.
- Commitment: Help customers stay ahead in an evolving market.
- Future: Shape the future of industrial automation.

Manufactring Facility

- **State-of-the-Art Facility in Pune's Pimpri MIDC.**
- **In-House Capabilities: Machining, fabrication, assembly lines, paint shops, QC, ERPs, lean Manufacturing.**
- **High-precision machines, equipment and EOT cranes.**
- **Quality Assurance: Precision gauges and 7 QC tools**
- **Skilled Team: 50+ professionals focused on excellence.**

Our Team Structure

Sales

Design

Purchase

Production

After Sales

Administration

At ZealTech Automation, we are organized into key departments: Sales, Design, Purchase, Production, After-Sales, and Administration. Each team plays a vital role in driving efficiency and excellence across our operations.

Meet Our Team

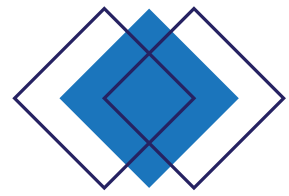

At ZealTech Automation, our team of 40+ skilled professionals is at the heart of our success, driving innovation and delivering top-quality solutions. From engineers to service experts, each member ensures excellence in every project we undertake.

Our Clients

And 850+ other installations...

Our Competitive Edge ...

Innovative Solutions: Pioneering India's largest Circular Saw Machine & custom SPMs.

Precision & Reliability: 15+ Years of precision (accuracy up to 50 microns) and performance.

Tailored Machines: Custom solutions for specific industry needs.

Proven Success: 850+ machines installed, long-term client partnerships.

Strong After-Sales Support: 20+ dealers and regional service offices.
